

# SIX SIGMA

## ABOUT US

Nations School of Technology is a registered provider of Six Sigma Training through the Council for Six Sigma Certification (CSSC). The CSSC serves as an official Industry Standard of Six Sigma Accreditation for Six Sigma training providers worldwide. The organisation's objective is to ensure that Six Sigma Certified individuals have been exposed to the complete Six Sigma body of knowledge and have been required to meet a minimum standard of proficiency for Six Sigma and its implementation.

### NATIONS

41-42 NEW MARKET STREET, GEORGETOWN  
225 4516, 227 4623 | info@nations.gy

f @nationsinc

Nations is registered with the National Accreditation Council of Guyana.

## ABOUT THE COURSES:

Six Sigma is a disciplined, data-driven approach and methodology for eliminating defects (driving toward six standard deviations between the mean and the nearest specification limit) in a process - from manufacturing to transactional and from product to service. Students will learn the key principles and methodology of Six Sigma, and the techniques and tools for effective use. Nations School of Technology currently provides two levels of Six Sigma Training, the Yellow Belt and Green Belt.

## WHO ARE THE COURSES DESIGNED FOR?

An individual who is a certified Six Sigma Yellow Belt through CSSC has attained a basic knowledge of Six Sigma but does not lead projects on his/her own.

An individual who is a Six Sigma Green Belt through CSSC possesses a thorough understanding of enhanced problem-solving skills, with an emphasis on the DMAIC (Define, Measure, Analyse, Improve and Control) model.

## COURSE STRUCTURE

The Yellow Belt course covers two (2) modules:

- Introduction to Six Sigma
- Projects and Processes

The Green Belt course covers five (5) modules:

- Introduction to Six Sigma
- Projects and Processes
- Advanced DMAIC
- Beginner Statistics
- Intermediate Statistics
